

REPLACE LOST INCHES WITH **RENEWED** CONFIDENCE

You deserve the peace of mind that the Emerald Laser treatment option offers. With a non-invasive technology, unhealthy fat cells are transformed through a natural lymphatic process that does not leave your body's necessary fat cells damaged.

You can be certain that the Emerald technology can safely work for you. Body circumference reduction is possible for a wide array of patients - from those with pesky fat pockets to individuals with a BMI up to 40. **Plus!** Low level lasers emulsify unwanted fat cells without leaving any lasting side effects afterward.

In addition to results, this option provides peace of mind that your body is being treated with a gentle yet effective alternative method.

- ✓ **FDA-CLEARED TECHNOLOGY**
- ✓ **CLINICALLY TESTED FOR VARIETY OF BMIs**
- ✓ **NON-SURGICAL ALTERNATIVE OPTION**
