

It's the most tempting  
time of the year.

Luckily, we have Verjú.  
The world's safest, non-invasive, fat loss laser.

**THE SAFEST NON-INVASIVE  
FAT LOSS TREATMENT AVAILABLE!**

The clinically-proven, non-invasive new treatment that painlessly reduces inches and removes stubborn body fat. Verjú has revolutionized the way we approach body contouring. The Verjú method is safe and effective; it requires no needles, no incisions, and no recovery time.

- NO NEEDLES
- NO DOWNTIME
- NO SIDE-EFFECTS
